October 15, 2025

# #1 Foundation Health Raises \$20 Million

## **What Happened:**

Foundation Health raises \$20 million in a Series A funding round.

## **Why It Matters:**

The pharmacy operations software vendor will use the investment to further scale its AI-powered telehealth, diagnostics, and digital pharmacy solutions.

# #2 Amazon Pharmacy Debuts Rx Kiosks

## What Happened:

Amazon Pharmacy will fill prescriptions from kiosks in One Medical clinics.

## Why It Matters:

Ease of patient use and satisfaction with the kiosks may spur wider adoption, particularly amongst health systems.

# #3 R1 to Acquire Phare Health

## **What Happened:**

RCM vendor R1 will acquire Phare Health.

## **Why It Matters:**

R1 will fold Phare Health, which offers AI solutions for inpatient coding and clinical documentation improvement, into its R37 AI lab.

# #4 WellTheory Announces Series A Funding

## What Happened:

WellTheory raises \$14 million in Series A funding.

## Why It Matters:

The autoimmune-focused virtual care management company will use the new funding to reach additional employers and payers.

# #5 OutcomesAI Secures Seed Funding

## What Happened:

OutcomesAI secures \$10 million in seed funding.

## Why It Matters:

The startup, which specializes in AI-powered nursing workflow software, will use the investment to expand its offerings into additional health systems and virtual care programs; and to establish pharmaceutical partnerships.
